

NORDIC

Escape and Escape Premium

The Nordic Escape™ offers unprecedented value. With seating for six, this spa can help you create quality family time or simply offer sanctuary from every day stress to couples or individuals. Powerful jets provide invigorating hydrotherapy to tense areas of the body. Plus, Nordic's exclusive dual-therapy system (DTS™) offers gentler, whole-body therapy to complement these traditional, more targeted jets. The combination of barrier-free seating and a high-flow turbo jet allows you to surround and massage your entire body, front and back.

Unlike other spas that offer only targeted hydrotherapy, this gentler therapy has proven better at peeling away tensions and stress from the entire body by releasing lactic acid from all body zones and allowing oxygen to flood every tissue and fiber.
