## Escape R and Escape Premium R

When you want to create great memories with family or simply get away from everyday stress, the Nordic Escape R™ and Escape R Premium™ offer unprecedented value.

With seating for six, including a seat to sit back and soak it all in, Nordic Hot Tubs relax tense areas of the body with powerful, invigorating hydrotherapy. In addition to jets that target specific parts of the body, Nordic's dual-therapy system (DTS™) offers gentler, whirlpool therapy for your whole body. Barrier-free seating combined with high-flow turbo jets create an encompassing massage for your full body massage experience.

Nordic's DTS™ whole-body therapy releases lactic acid from all areas of the body, allowing oxygen to flow freely. Nordic's dual-therapy system offers a significant advantage over other spas that offer only targeted hydrotherapy. If you are shopping for a spa be sure you are getting the "whole" story.
